Judit

Time is the most precious...

Nolan Walborn

Astronomy is one of the sublimest fields of human investigation.
— Horace Mann

Derryl

Astronomers, like burglars and jazz musicians, operate best at night.
— Miles Kington.

Nidia Robertson

This dead of midnight is the noon of thought,
And Wisdom mounts her zenith with the stars.
— Mrs. Barbauld, 'A Summer's Evening Meditation.'

Phil Massey

The treasures hidden in the heavens are so rich that the human mind shall never be lacking in fresh nourishment.

— Johannes Kepler

Beatriz Garcia

Nobody said it was easy,
no one ever said it would be so hard,
I'm going back to the start...
"The Scientist" by Coldplay

Gladys Solivella

Mortal as I am, I know that I am born for a day. But when I follow at my pleasure the serried multitude of the stars in their circular course, my feet no longer touch the earth.
— Ptolemy, c.150 AD

Omar Benvenuto

This is a gathering of people who haven't lost their sense of wonder. We are here for the beauty.
— Bill Williams, amateur astronomer, 'The New York Times,' 8 June 2007.

Monica Taormina

I have loved the stars too fondly to be fearful of the night.
— Sarah Williams

Rodolfo y Julia

Astronomy is the science of the harmony of infinite expanse.
— John Russell

Roberto Gamen

In the country the darkness of night is friendly and familiar, but in a city, with its blaze of lights, it is unnatural, hostile and menacing.

It is like a monstrous vulture that hovers, biding its time.

— Somerset Maugham

Carlos Contreras

Astronomy compels the soul to look upward, and leads us from this world to another.
— Plato, 'The Republic,' 342 BC

Wojtek

This is the discipline that deals with the universe's divine revolutions,
the stars' motions, sizes, distances, risings and settings . . .

for what is more beautiful than heaven?

— Nicolaus Copernicus, 'On the Revolutions of Heavenly Spheres,'
1543

Facundo

Life is like riding a bicycle. You have to keep moving in order not to fall.
— Albert Einstein

Gaston y Melina

No one regards what is before his feet; we all gaze at the stars.

— Quintus Ennius

Gloria Koenigsberger

When you look at the stars and the galaxy, you feel you are not just from any particular piece of land, but from the solar system.

— Laurel Clark

Guillermo Bosch

Two things fill the mind with ever new and increasing wonder and awe
—the starry heavens above me and the moral law within me.
— Immanuel Kant, 'Critique of Pure Reason,' 1781.'

Giuliano Pignata

If we do discover a complete theory [of the Universe] it would be the ultimate triumph of human reason—for then we would know the mind of God.

— Stephen Hawking.

Miguel Itzinghson

'Altissimum planetam tergeminum observavi,'
(I have observed the most distant planet to have a triple form),
Galileo Galilei 1610, equivocándose sobre Saturno.

Virpi Niemela

The contemplation of celestial things will make a man both speak and think more sublimely and magnificently when he descends to human affairs.

— Cicero

Hugo Levato

I knew that even if I were second-rate or third-rate, it was astronomy that mattered.
— Edwin Hubble

Helmut Abt

Be glad of life, because it gives you the chance to love and to work and to play and to look up at the stars.

— Henry Van Dyke

Miguel Roth

Our fantastic civilization has fallen out of touch with many aspects of nature,
and with none more completely than with night.

— Henry Beston, 'The Outermost House,' 1933.

Mark Phillips

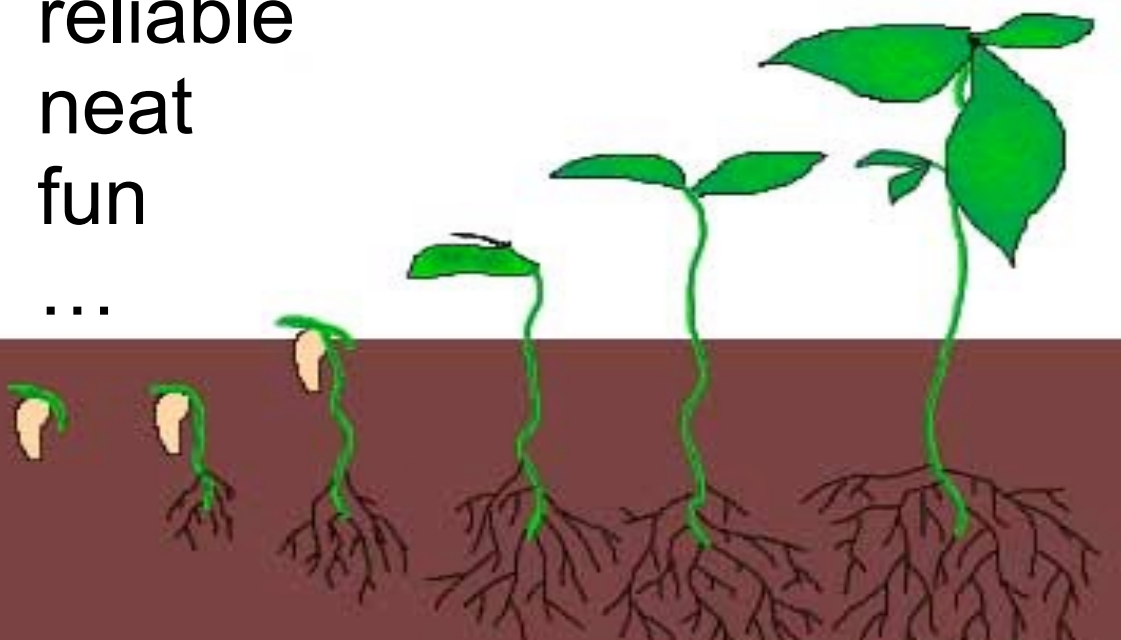

Those who study the stars have God for a teacher.
— Tycho Brahe

Jorge Sahade

“Don’t ever stop adding to your body of work”

Barak Obama, ASU Commencement speech, 12 May 2009

knows Maths
knows Physics
knows Astronomy
knows English
good writer
good referee
excellent researcher
hard working
great collaborator
great teacher
great supervisor
great human being
rigorous
friendly
ethic
reliable
neat
fun
...

Enormous responsibility:
to forge another scientist.
